

To Whom It May Concern:

I've worked with Jackie Peterson at the California State Library for nearly three years. She is creative and dedicated, and I wish she wasn't leaving the Library.

As a Communications Officer for us, Jackie focused on social media and on TikTok alone has boosted our followers from 80 to over 44,000 and our likes to over 1 million.

Jackie's creativity extends beyond social media. Her work in photography, videography, and graphic design has elevated the State Library's image across all platforms.

Jackie is low-key and efficient, recognizes there's a premium on my time, and always comes to me with specific and well-thought-out asks. I also appreciate how she can find or create images and videos that convey the mission of the library.

It has been a pleasure working with someone as talented and motivated as Jackie. As I said before, I'm not thrilled at losing someone with her talent and work ethic.
